A WORD TO OUR CUSTOMERS WE ARE ALWAYS READY TO SERVE THE PEOPLE WELL

Readiness means more than willingness. It means that we are prepared to do it as well as glad to do it. The better we serve you the happier we are and the better pleased you are. We had our Fall Opening last week, so did the leading stores in other places, because it was the proper thing to do.

WHAT DOES A FORMAL OPENING MEAN? It means that the live, wide-awake merchants have been at work studying the wants of their clientele, sending their buyers to the principal style centers, to select and purchase the newest, prettiest, most worthwhile goods. Our goods are shipped so as to arrive at the beginning of each season and are all nicely arranged and displayed to be seen and admired by the public. Then the formal opening is announced and held. **WE MADE IT OUR BUSINESS MONTHS AGO TO GET READY**, and you will always find us ready—for we are always working—studying the wants of our customers.

THEY WITH THEIR BLOOD RELATIVES FORM ONE OF THE LARGEST FAMILIES IN THE U. S.

The eleven children of Mr. and Mrs. Nicholas Tschirhart, all of whom are living. They are: Joseph, Mrs. Katie Renken, Sebastian, Edward, Leo, Henry, Nicholas, Louis, Mrs. Caroline Jagge, August and Emil

In the Paschal grove of beautiful pecan trees, some of them over 100 years old, fronting on the Medina river at Castroville, the 156 direct descendants of Nicholas Tschirhart and Cathrina Meyer Tschirhart, who were with the first colonists that Castro brought over to this country from Alsace-Lorraine, in 1843, gathered in the first re-union of the Tschirhart family on Saturday, September 17.

The Tschirhart family is remarkable, especially in point of numbers, being probably the largest in the United States. At the re-union there were eleven children of Nicholas and Cathrina Tschirhart, with their 96 children and 49 grandchildren. The Tschirharts had contemplated having their entire relationship present at the reunion, but abandoned this idea as the grove of six acres would not have been large enough to have accommodated them. Next year a reunion of the entire relationship may be given and when count is made it is expected to run over 300, in which case it will probably establish a new record for large families.

Eleven Children, All Living

Nicholas Tschirhart and Cathrina Meyer, among the first Castro colonists to settle at what is now the thriving little town of Castroville, Medina county, twenty-five miles from San Antonio, were united in marriage soon after their arrival there. Tschirhart assisted in planting the first flagstaff in the settlement and for many years after that took an active part in civilizing the country and defending the settlement against attacks of Indians who were abroad in large numbers. To Mr. and Mrs. Tschirhart eleven children were born and all are living. Mr. Tschirhart fell victim to cholera when that disease was in epidemic form in 1866. Mrs. Tschirhart followed her husband to the grave in 1890.

The eleven children surviving Mr. and Mrs. Tschirhart, with the exception of one, Emil Tschirhart, who resides in San Antonio, live in Medina county, and are engaged in the ranch business. Joseph, the oldest, is 64 years of age, and Mrs. Katie Renken, the youngest, is 43 years old. The others are: Sebastian, Edward, Leo, Henry, Nic., Louis, Mrs. Caroline Jagge, August and Emil. They have 96 children, an average of nearly nine children to a family. Leo Tschirhart's family numbers 29, including sons-in-law and grandchildren.

The elder Tschirhart in the early days of Texas ran ox trains and later on used mules, carrying freight from Port Lavaca and other ports into the interior of Texas. He assisted in the early civilization of the state and was frequently up against real hardships on the trail and in fights with Indians. As the sons of Tschirhart became old enough they assisted their father in the freighting business and at the time of his death took charge of the business.

Emil Tschirhart, who has made his home in San Antonio since 1888, at the age of 14 years assisted his brothers in running a mule train from San Antonio to El Paso and down into the state of Chihuahua, Mexico. He made trips to the far west in 1878 and 1879 and until the railroads came, which necessitated

his brothers to retire from the freighting business.

Fought With Indians

"On my first trip," said Mr. Tschirhart to a Light and Gazette reporter, "I remember well of running into a band of Indians at Devil's river. We had two trains and our crews numbered large. The Indians saw we were too strong for them and they did not attempt to attack us. That was the only time I ever got close to the Indians and I will never forget it. We were often stalled by the snow and ice in the mountain passes and we suffered not only from the cold but also from lack of food."

On the banks of the San Saba river in sight of Fort McKavett, in 1873, Joseph, Edward, Nic. and Louis Tschirhart engaged in a real battle with Indians. With the Tschirharts at the time of the attack were a large crew with the mule train and some government guards from the mail station. When the battle was

over and the Indians had retreated the only people to be found with the train were the Tschirharts, the others having become frightened and fled to places of safety. At the time of this battle Louis was only 13 years old and under hot fire of the Indians he made frequent trips to the wagons for ammunition, carrying it to his brothers who were in the front fighting off the redskins from the mules.

At daybreak or the morning following the fight the body of the chief of the Indians was found near camp. The chief had been shot from his horse by Edward Tschirhart, who later was rewarded by the government. Edward brought the weapons, a cap and ball sixshooter and bow and arrows, the shield and clothes of the chief home, and later brought the clothes to San Antonio where they were sold for a magnificent sum. In the shield were found 18 scalps, some of girls and women.

Emil Tschirhart is in possession of

the pistol, which he prizes highly as a relic of the early and stirring days of Texas.

The Tschirhart family did as much or more than any other one family in the work of civilizing the country in the Castroville district.—From The San Antonio Light and Gazette, Sunday, Sept. 18, 1910.

HONDO

The Capital and Commercial Metropolis of MEDINA COUNTY

The most independent man in the world today is the American farmer, the man who makes his living from the source of all wealth—mother earth. No combination of capital, no political situation and no financial stringency can injure the man who lives on his own land, raises what he consumes and is independent.

We are endeavoring to give you some idea of what can be done in Medina county. Hondo, the county seat, is 50 miles west of San Antonio, on the Southern Pacific railroad. Area of Medina county, 1304 square miles. Population 1910, 14,000. Total valuation of property rendered for taxation, \$9,279,336.00.

The climate of Medina county is all that could be desired. We have neither extreme heat or cold. The nights are always cool and pleasant.

The annual rainfall of Medina county for the last 10 years has averaged 29.77 inches. While we believe irrigation would pay well, very few farmers use irrigation at the present time. An abundance of pure water can be had in wells at from 25 to 75 feet.

The soil varies from a black waxy to a sandy loam, the former predominating.

The Southern Pacific railroad affords excellent facilities for transportation.

Up to the present time, the principal crops have been cotton and corn. Over a bale of cotton to the acre has been made frequently and 40 bushels of corn and 50 bushels of oats is frequently harvested. The cotton crop for the season of 1908-1909 exceeded 20,000 bales. Watermelons are the mortgage lifters, realizing \$250.00 per acre without irrigation.

Bees make profit for you. An apiary will return to you good compensation for your time spent and money invested. The possibilities of bee culture are unlimited and the market for honey is constantly increasing.

There is an abundance of cheap labor to be had in Hondo, Texas. The labor is principally Mexicans, who are peaceful, inoffensive citizens and are willing to do good work for moderate wages.

You could read about the good things in Hondo, Medina county until you are black in the face and it will do you no good unless you decide to come here. Better decide now. You will never have cause to regret it. Land can be bought at from \$5.00 to \$50.00 an acre, according to the distance from market, quality of land, improvements, etc. There is plenty of room for intelligent, industrious farmers.

The people are peaceable and law abiding. Life and property are as safe here as anywhere beneath the folds of Old Glory.

A hearty welcome is extended to any one seeking a healthy location, who is not afraid to work, and who wants to grow up with the country and help develop its resources.

EXTENSIVE preparations are being made by farmers to plant oats for winter and early spring pasturage. With the scarcity of feed and grass, this is a wise precaution which none should overlook should the rains afford them the opportunity.

W. C. EASTERLING has "come back," and is now publishing the *Alpine Guide* at Alpine. The Guide is essentially Easterlingesque, and now the "question of the hour" is will he find the field broad enough for two and will he "do it now"? "Text for today—Eccles. 9:10.

THE stork evidently camped at Hondo during the summer; 34 births in two months. And a dry year, to boot. Sixteen marriage licenses and a new newspaper during August, too. Fletcher Davis, you'd better scare that stork off, or it may not have time to get back.—*Jourdanton Monitor*. Hush! Be still! Those births were for all of Medina county, but never mind. Don't shoo the stork away. With more new papers to follow it will have to work over-time to provide subscribers fast enough for Medina county's journalistic ventures!

ROOSEVELT and the Progressive Republicans won out in the Republican convention in New York this week, and the platform adopted and the candidates nominated are Rooseveltian to the core. This means the ultimate downfall of the Regulars and the ascendancy of the Insurgents for which the country may well be thankful. But in the midst of its rejoicing might it not be well to "view with alarm" the increasing power of that demagogue who, booted and spurred, trod imperiously over the minority in New York?

THE time for paying poll taxes opens today and will last until the first of February. It is always important that one pay his poll taxes, but it is especially important that he do so at this time. It is practically certain that the 32nd Legislature will submit the proposition of State-wide Prohibition to a vote of the people some time during the ensuing year and unless you have paid your poll tax you will have no vote in this important matter. If you are an Anti-Prohibitionist constitute yourself a committee of one to see that every other anti arms himself for the fray with the necessary poll tax receipt. It will be needed.

THE Southwest Texas Press and Commercial Association is in session at Sanderson. Though absent in person, the *Anvil Herald* is present in spirit to enjoy seeing the boys enjoy their "spirits." No, thanks; the Monte Seco Soaker can take "ourn!"—Hondo Davis. Poor old Davis. He is so awfully busy trying to rid Hondo of the pig pens he can not take time to get out with the boys long enough to learn that all the troubles are not at home. Had Davis been at the Sanderson meeting and learned just how much genuine pleasure there is in living in this world, how nice and sweet is life [even in pig pen stricken Hondo] his editorial column would take such a turn on the brighter side that he would never again have to take a dose of liver medicine. The Soaker man told us that he was awfully glad Davis was not there because he felt sure there would have been a shortage in the spirits as well as the solids.—*Eagle Pass Joe*. The *Anvil Herald* knows all about the troubles that are away from home. That is the reason why we stay so close to Hondo. Why, troubles here are so few that we are even beginning to love the hog pens. They are about the last thing left to remind us that Hondo isn't heaven! But, what we want to know is what the Soaker man cares for solids so long as there are plenty of "spirits" around!

Card of Thanks.

We take this means to thank the good people who so kindly assisted us in the late illness and sad death of my dear wife and our loving mother. We thank you all again, and hope the ever merciful Jesus will remember you the same as we do.

Emil Bohlen Killed.

The saddest tragedy that has occurred in our peaceful burg for a long time, happened this week when Emil Bohlen, a young man, was found dead with a gun shot wound in his head. The particulars of the sad tragedy are these: On Saturday, at about 2 o'clock P. M., in the absence of his brother Fritz—with whom he was staying—he stated to Mrs. Bohlen that he was going to kill a hawk. So saying, he took a shot gun and went down the Verde Creek and that was the last seen or heard of him until he was found dead. When at dusk Mr. F. Bohlen returned from Hondo and his brother had not yet returned he became alarmed and immediately telephoned to the neighbors who went out and searched with lanterns until two o'clock Sunday morning, and at daybreak Sunday the search was renewed by about 100 citizens of this community who were joined by Sheriff Joe Ney and Deputies Aug. Schuchle and C. J. Bless and a posse of citizens from Hondo. Every pasture, field, tank, gully, old well and water-hole was searched, and at about 10 o'clock A. M. he was found by Rolly Bless within about 200 yards of Mr. Bohlen's house. He was lying on his back stretched at full length, with a 16 gauge shot gun across his breast. His left hand held the barrel and was powder burned while his right was over the gun. The shot entered just below the right ear and came out between the eyes, tearing away the brain and defacing him terribly, causing instantaneous death. In the absence of testimony either way Coroner Schorobiny, who held the inquest, rendered a verdict of accidental death. Deceased was born on the 16th of January 1882, consequently was at the time of his death 28 years, 8 months and 8 days old. His remains were laid to rest in the Quith Lutheran Cemetery Sunday, Sept. 25th, at 6 o'clock P. M., surrounded by a large concourse of sorrowing relatives and friends who had come to pay their last tribute of respect to the memory of the departed one. The funeral service was conducted by Rev. C. Stadler. The deceased is survived by his parents, Mr. and Mrs. E. A. Bohlen, three brothers, F. H., Henry and John Bohlen, and seven sisters, Mesdames John Balzen, John Lindeburg, John Saathoff, Henry Rohlf, Aug. Schlaudt, Tom Rogers and Fritz Nietenhoefer. Whatever may be your opinion of this sad tragedy let Him judge who doeth all things well, and let forever the mantle of peace and forgiveness rest over poor Emil Bohlen.

F. D. Muennink returned Tuesday from Yancey where he had been on a short business visit.

Fritz Poehler came down from Brackett last Friday. He reports every thing dry out in that country. He returned home Monday accompanied by John Moehring and W. G. Poehler who are taking a bunch of horses and mules to the Rio Grande country above Spofford.

August Martin, Henry Burger and Amandus Rohlf were down from the Peach Tree country Monday.

Mr. and Mrs. Henry Schulte were in the burg Sunday from Dunlay. B. H. Brucks and family of Verdina spent Sunday here with relatives and friends.

Henry Hartmann Jr. returned after a two weeks' absence at Yancey.

Mrs. J. B. Lutz Dead.

Mrs. Philomina Lutz (nee Lieber), wife of J. B. Lutz, died at her home near D'Hanis, Friday, Sept. 23, 1910, in the 38th year of her age, having been born at Castroville Feb. 5, 1872.

Last Friday morning, Sept. 23rd, the Angel of Death hovered over the home of Mr. J. B. Lutz and carried its victim away, the beloved wife of John B. Lutz.

Mrs. Lutz was a devoted wife, a loving mother, a true Christian and beloved by all who knew her, and her loss is a heavy blow to her relatives and friends. Her remains were laid to rest Saturday noon in the Catholic cemetery, Rev. H. Wirtz performing the last sad rites. She is survived by her husband and seven little children, two children having preceded her in death. The large concourse of sorrowing relatives and friends that followed her to her final resting place spoke more eloquently than words of the high esteem in which she was held. The community extends to the bereaved ones its sincere, heartfelt sympathy. "For the Lord giveth, and the Lord taketh away; blessed be the holy name of the Lord." May she rest in peace.

Public Speaking by Candidates

The public generally is invited to attend. Good order is guaranteed and a fine time assured.

There's a Difference—

No counterfeiter has ever produced a perfect dollar bill. No imitator has ever equalled Parke, Davis & Co.'s quality.

Divide men into classes—druggists, physicians, preachers, manufacturers, etc. Would any man anywhere under the sun be guilty of saying that all druggists are alike, all physicians alike, all preachers alike, or that all manufacturers are alike? Just as there is a difference in men so is there a difference in the medicines made by different manufacturers. For years, in practically all our Prescriptions, we have been dispensing preparations manufactured by Parke, Davis & Co., of Detroit, acknowledged to have the largest and best equipped laboratories in the world for the scientific preparation of high-grade pharmaceuticals. This is one of the main reasons why Doctors prefer to have us fill their prescriptions, because there is no guess-work about Parke, Davis & Co.'s remedies, they are always the work of the best. And the nice thing about it is—they cost no more than inferior makes. Try us once and you will come again.

THE HONDO ANVIL HERALD.

Published Weekly—Every Saturday Morning.

FLETCHER DAVIS,
Editor and Proprietor.

MRS. ROBERTA DAVIS,
Assistant Editor.

OFFICE: ANVIL HERALD BUILDING, HALF A BLOCK SOUTH OF DEPOT.
For the Commercial, Agricultural and Industrial development of Medina County and Hondo. An Independent local newspaper.
SUBSCRIPTION: \$1.00 A YEAR. ADVERTISING RATES REASONABLE.

Entered at the Postoffice at Hondo, Texas, as second-class mail matter.

SATURDAY, OCTOBER 1, 1910.

EVEN the hypocrite admires the man whose courage he dare not emulate!

Send the Anvil Herald to your relatives and friends elsewhere. It will be a weekly news-letter to them

When settling up your accounts don't forget to pay your subscription to this paper. We need what we have earned.

SUBSCRIBE for this paper. Fifty-two issues are guaranteed to cure you of that "yaller" streak or else make you want to throw it up and quit the treatment!

SOUTH Carolina followed the lead of Texas by electing a local optionist Governor in the election last week. Tennessee should follow suit and rid itself of the farce of State-wide prohibition and all will be lovely.

In considering the matter of winter feed for cattle it is well to remember that there is no crop that produces more for the labor required or affords a better food for cattle than turnips. If you have never tried this experiment now would be a good time to do so—as soon as you get the necessary rain.

THE Hondo prohibs wouldn't stand for Fletcher Davis's fiery, fearless and independent advocacy of local self-government and have established another paper in that splendid little town. For twenty years Hondo Davis has been recognized by the fraternity as one of the brightest of Texas weekly editors and, from our view point, the new editor will find the old warhorse a "Joeman worthy of his steel."—Del Rio News. We are not quite so old as that, brother, and instead of being an "old warhorse" we are still an untamed colt on the journalistic range.

J. O. TERRELL, Republican candidate for Governor, and A. J. Houston, Prohibition candidate for the same office, engaged in a joint debate at Paris Tuesday. Both men being Republicans the only difference between them was over the question of Prohibition. Mr. Terrell espoused the cause of local option while Mr. Houston advocated State-wide and sky-high Prohibition. A striking feature of Mr. Houston's address was his open admonition to Prohibition Democrats to repudiate their primary pledge and vote for him and against their party nominee. It would be interesting to know what percentage of such men will take his advice in preference to emulating Dr. Rankin's example of holding his nose and voting the ticket straight.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ZEMO and ZEMO SOAP can be obtained in any city or town in America and are recognized as the best and most economical treatment for all affections of the skin or scalp whether on infant or grown person. We invite you to try ZEMO and ZEMO SOAP and if not entirely satisfied we will refund your money.

True Reform.

Reform, like charity, must begin at home. Once well at home, how it will radiate outwards, irrepressible, into all that we touch and handle, speak and work; kindling ever new light by incalculable contagion, spreading in geometric ratio, far and wide, doing good only wherever it spreads, and not evil.—Carlyle.

Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. It's surely the King of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, La-grippe, Asthma, Croup—all throat and lung troubles. 50c and \$1.00. Trial bottle free at W. H. Windrow's.

Only Needed Another.

I was walking on the beach last Sunday with my nephew, and I told him that I would give him a dollar if he could find two pebbles exactly alike. Full of glee, John began searching. By and by he came running to me very much excited, and said: "Oh, uncle, I've found one of them."—Exchange.

Reaching the Top

In any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. I compels perfect action of stomach, liver, kidneys and bowels, purifies, enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from Kidney Trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c, at W. H. Windrow's.

A Resolve.

"Not frequently or of necessity to say to anyone or to write in a letter that I have no leisure, nor continually to excuse the neglect of duties required by our relations to those with whom we live, by alleging urgent occupation."—Marcus Aurelius.

It's The World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped Hands, or Sprains, it's supreme. Infalible for Piles. Only 25c at W. H. Windrow's.

Forcing a Handicap.

Diogenes returned from his search for an honest man. "Given up the chase?" they inquired. "It became a matter of necessity," replied the philosopher. "Some one stole my lantern."—Lippincott's.

After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.
"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.
"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use. It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

The Medicinal Value of Whiskey

is admitted by the highest medical authorities. Indeed for many slight disorders it is a safe and certain cure. But to be effective, it must be the genuine, pure, natural article like

Government inspectors and its absolute purity and mellowness make its use perfectly safe and free from harmful effects. THE DIFFERENCE IN RANK

Policeman on Foot Did the Work While Mounted Compadrito Looked On.

On the other afternoon a horse and truck became stuck in the soft earth thrown aside by the workmen repaving the street, says the Philadelphia Ledger. The truckman swore at the horse and the policeman swore at the truckman.

A mounted policeman of the traffic squad rode up and sat on his well-groomed horse—himself a well-groomed rider—while he leisurely took in the situation. When the policeman on foot had exhausted his vocabulary and had also failed to coax the horse by the rein, he turned an appealing eye to the brother of the more distinguished service on the horse.

"Say Flannery," said the mounted policeman, raising an immaculate white-gloved hand to his well-trimmed moustache and gently stroking the hirsute adornment, "you're handler to it than me. Lay holt o' the wheel and give it a yank."

Two minutes later the horse and truck were on their way, the policeman on foot was ruefully regarding the mud on his big hands, and the brother of the equestrian service was trotting down the street among the automobiles, still stroking his carefully trimmed moustache with his immaculate white-gloved digits!

Can't Learn In School.

When the stomach is out of order or the bowels constipated, a feeling of drowsiness and inactivity comes over the body. The brain won't think and the body won't work. If it is a child who suffers in this way, it naturally can't learn well in school, as it has no inclination for study. Give the child a dose of Dr. Caldwell's Syrup Pepsin and you will soon find it wonderfully improved and ultimately cured. It is guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by W. H. Windrow at 50c and \$1 a bottle.

Apologetics.

The theologian of the latest school, however, did not weakly waver between the two horses, but forthwith mounted both.

"No," he made answer, "I do not deny that the apostles raised persons from the dead. What I contend is that if the apostles had been educated men, in the modern sense, they would have known that such a thing is impossible. That, briefly, is my position." And how, in the face of so signal a reconciliation of reason and revelation, was unbelief to maintain itself?—Puck.

Cold Weather Advice

to all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

The One Weak Spot.

"You ought to have your car equipped with demountable rims," said an automobile man to Richard C. Jenkinson, the other day. "All you have to do is carry an extra rim with inflated tire. In case of a puncture it can be easily attached by a twelve-year-old child in two minutes." "Yes," said Mr. Jenkinson, "but the trouble is always to find the twelve-year-old."—Newark News.

Worry is the Real Enemy.

A busy life is a healthy one, and few suffer from overwork. Mental strain is the worm that undermines health; worry and annoyance and impatience are not wholesome, and when a woman meets her duties with such weapons she can hardly expect to find happiness and contentment. Investigators are continually telling us that we waste both time and strength, and some of us are beginning to believe them.

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all dealers.

Candles Still Used in Europe.

In many parts of Europe the candle business is carried on by large establishments with abundant capital. In Great Britain there was quite recently at least what we should call a candle trust that yielded good returns. Anybody who has sojourned in a very rural English inn will not need to be told whence comes some of the demands for candles.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

Degrees of Misery.

Two young ladies were talking the other day about a third who had just become engaged to a widower who plays the cornet and has four children. "What could be worse," exclaimed one, "than four children and a cornet?" "Nothing," said the other, "excepting, perhaps, six children and a trombone."

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

Kleptomania is the highest type of the art of stealing!

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one tenth as much. For sale by all dealers.

Some men pose as horrible examples!

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

"You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our salesroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

Dear Sir: The test of truth is evidence. Words in themselves prove nothing.

When we say Devoe takes less gallons for a job we prove it by the following offer:

Paint half your job Devoe; paint half with any other paint. If Devoe half don't take less gallons and cost less money, no pay.

Here's an instance: Judge I. D. Fairchild owns two houses, exactly alike, in Lufkin, Texas. J. M. Torrence painted both houses, one Devoe, 17½ gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 per cent whiting; that's why it took 9½ gallons more.

Yours truly,
F. W. DEVOE & CO

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

For Bald Heads

A Treatment That Costs Nothing if it Fails

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. F. H. Falkenberg.
